Notes:

- (a) "New" rate structure refers to Fiscal Year 2013-14, which begins July 1, 2013.
- (b) "Commercial" accounts include industrial, institutions, and landscape accounts.
- (c) The monthly rate charges include cost of consumed water, monthly meter charge, and monthly backflow prevention device charge (if applicable).
- (d) Many customers are billed bi-monthly. To calculate a bi-monthly bill, double the monthly amounts shown above.
- (e) Your bill will vary based on the exact number of days per billing cycle. These estimates assume a 30.5 day billing period.
- (f) CCF = hundred cubic feet. 1 ccf = 748 gallons.
- (g) Information regarding your water bill usage can be found [here](#), at letters C and D.
